

Artist: **Barbara Kuras**

Title: **Cosmic Chicken**

Media: **Acrylic & Pastel**

Mind itself is a vast expanse, the realm of unchanging space.

Its indeterminate display is the expanse of the magical expression if its responsiveness.

Everything is the adornment of basic space and nothing else.

Outwardly and inwardly, things proliferating and resolving are the dynamic energy of awakened mind.

Because this is nothing whatsoever yet arises as anything at all, it is a marvelous and magical expression, amazing and superb.

Why Cosmic Chicken?

.....why not?
